

YOUR ROADMAP TO GETTING YOUR PETRO SITE READY BY **APRIL 2021**

1 COMPLETE A SITE SURVEY BEFORE YOU HIT THE ROAD!

- Are POS & dispenser software versions available?
- Do I retrofit or replace dispenser terminals?
- Will wiring to dispensers handle EMV, or should I upgrade?
- Need updates to network, Firewall, or Managed Network Service Provider?
- Need permits? (e.g., Building, EPA)
- Will I purchase or finance?
- Discounts available through servicer or fuel brand?

2 ORDER DISPENSER HARDWARE

3 PREPARE FOR PERMITS

Perform soil samples if required.

4 COMPLETE ADDITIONAL OUTDOOR EMV PREREQUISITES

Operating system upgrades?

Have you considered contactless options?

Do you need network equipment upgrades?

Are POS hardware upgrades needed?

5 INSTALLATION WORK AHEAD
